

The Next Big Disruption Nature Compatible Lifestyle Role of Decentralized Technologies

Convener: Dr. Souradyuti Paul, IIT Bhilai

Date: January 9, 2021 (Saturday)

Time: 6:00-7:30pm

Webinar Link: <https://iitbhilai.webex.com/iitbhilai/j.php?MTID=m701a2d6433206227b4a0a35fc9a6f601>

Times indeed are changing. Realization of self-inflicted wounds, result of futile consumerism, are becoming increasingly obvious. Shift in lifestyles for a sensible and purposeful living is becoming possible and even accelerating, thanks to the advent of digital technologies.

This webinar would provide enterprising youth with deeper insights into the need of Decentralized technologies, both traditional and modern such as AI, ML, and others; to innovate sustainability solutions.

Expert Panelists

Prof. KCR Raja

Mentor to CEOs

Prof. Raja is a trained economist with global experience and an excellent communicator bridging the gaps between academia and corporate magnets. An avid blogger and speaker at multiple forums, Prof. Raja is a corporate strategist and mentor.
